Rugby club hosts bottle drive

On Saturday, June 5, the Waterdown District High School boys' rugby club will be holding a bottle drive throughout the Village of Waterdown. The club asks residents who want to support the team to leave beer, wine and other bottles at the end of residential driveways for pick-up throughout the day. The WDHS rugby club is currently in its sixth season and has become one for the history books. Starting their training in November 2009, the team worked hard to prepare for the 2010 Hamilton-Wentworth District School Board league. Thanks to their coaches Dave Burnett and Monty Heald, as well as financial support from the Waterdown Rotary Club and Royal Coachman, the boys wrapped up a terrific season, which saw them finish in third place in the city. There is much work to be done for next year. Thanks to its status within the HWDSB, rugby receives no funding from the school – the boys have to foot the bill for uniforms, equipment, transportation and referees themselves. The club is in desperate need of new game uniforms, as well as funds to help subsidize some of the players. The team wants to do better next year, and the community's support will help them get there. -Submitted by Nathan Tidridge
