

WDHS History Department Late Policy

As posted at <https://www.tidridge.com/chi4u1.html> under the heading *History Department Evaluation Policy*:

ASSIGNMENTS:

- Reasonable timelines will be provided for the completion of all assignments. Students will submit all assignments at a time during class as specified by the teacher on the due date; after such time they will be deemed late and subject to penalty. Students who are absent on the due date may submit their assignment prior to the date.
 - Students who do not hand assignments in on time:
 - Will immediately have 10% deducted a day until the assignment has been turned in. After five days a mark of zero will be assigned and a call made by the instructor to the student's home.
 - Will have a conference with the teacher to make plans for an alternate assignment that must be completed in order to cover the required expectations;
 - At the teacher's discretion, will have a conference with both the teacher and parents;
 - Will, if assignments are handed in late repeatedly, be deemed "At Risk" and referred to WDHS' Student Success Program and Administration
 - Note: Summative assignments must be completed in order for a course credit to be granted.
