

What does Humanism and the Reformation Period have to do with the history of Canada?

The scene on the beaches of North America:

(Played by Dora the Explorer)

Holy smokes! 20 more Doras just landed here from Europe!!!

Protestant (Lutheran)

I am German Dora ready to interact with and possibly Christianize the New World. I bring with me all of my hang-ups from Europe.

Roman Catholic or Protestant

I am French Dora ready to interact with and aggressively Christianize the New World. I bring with me all of my hang-ups from Europe.

Puritan, Catholic or Anglican

I am English Dora ready to colonize the New World because I am being persecuted in Europe. I bring with me all of my hang-ups

Roman Catholic

I am Spanish Dora ready to conquer and strip-mine the New World. I bring with me all of my hang-ups from Europe.

This can't be good . . .

(Keep in mind that there are hundreds of First Nations - each with their own complex religions, cultures and views on society)
